However, participants must appreciate they have also have a duty to conduct themselves in a reasonable fashion and to obey the Rules of the Event. These duties are outlined in Section B below. Ultimately individuals must take responsibility for their own actions.

Section A.

Organisers' Duty Of Care:

A1 The Event Organisers will undertake a suitable and sufficient risk assessment for the Event and keep it updated. They will also liaise with all relevant statutory authorities including the local Safety Advisory Groups, landowners and obtain all relevant permissions. The arrangements provided by the organisers in furtherance of its duty of care will include:

A2 The organisers will ensure the distance is as close to 100 miles as practicable and physically possible and the route description is as accurate as possible.

A3 The organisers will marshal any potential points on the route where the organiser and the local Safety Advisory Groups consider there to be risks. They will sign those risks as well as other places of potential risk that the organiser identifies. Furthermore, the organiser, having identified possible risks, will seek to mitigate them in a way that is appropriate, proportionate and reasonable, whilst recognising that not all risks can be totally mitigated.

A4 The organisers will have checkpoints under cover and inside halls as much as is reasonably practicable.

A5 The organisers will ensure there is sufficient quantity of high-quality nutritious food.

A6 The organisers will implement a robust communications system consistent with the terrain and known difficulties of communication.

A7 The organisers will provide transport for entrants who retire in order to return them to Event HQ.

A8 The organisers will provide First Aid at Event HQ and at Breakfast.

A9 The organisers will provide provision for entrants to sleep at Event HQ at the end of the event. However, entrants expecting to finish close to the 48 hours completion time should consider making alternative post event arrangements as event HQ may need to be vacated soon after official finish.

A10 The organisers will provide entrants with an emergency telephone number.

A11 The organisers will identify which checkpoints entrants' supporters are welcome to visit and which they are not. The organisers will identify the reasons why supporters are not welcome at certain checkpoints. This information will be provided on the event website.

Section B:

Entrants' Duty of Care:

B1 Entrants have a personal responsibility for their own fitness and well-being and undertake to enter the event based on the fact that they have prepared appropriately. Additionally, all participants must carry the appropriate equipment for their own safety and protection.

B2 Two or more checkpoint marshals will have the authority to retire entrants who in their opinion are behind schedule or appear to be showing signs of distress going beyond normal fatigue. Entrants must obey directions given to them by marshals, and hand in their tally card and retire from the event if so directed by a marshal.

B3 Retiring entrants should hand in their tally card at a checkpoint and wait for transport to be arranged to HQ. In an emergency, if retiring entrants cannot reach a checkpoint, they should pass their tally to another person to hand in, or call the emergency telephone number. **Under no circumstances** should anyone retire from the event without ensuring the organisers are informed. The tracker should be left switched on until entrants are back at HQ.

B4 Entrants must not be threatening, abusive or insulting to a marshal, other entrants and members of the public and understand that if reported, their behaviour might be subject to formal review from the 'LDWA 100 Review Group'.

B5 Entrants must follow the route description provided including any late changes notified at the start or on route by marshals, and get their time recorded at each checkpoint, including any self-clips.

B6 Entrants must pass through checkpoints in order. In the event that they deviate from the route they must get back on route by the shortest practical means without trespassing on private property. (Deliberate deviation from the route to gain advantage will result in disqualification.)

B7 Entrants must understand that they shall not be allowed in a checkpoint other than during the official opening times of the checkpoint. These times will be displayed on the event web site and in the route description. Entrants understand that checkpoint opening and closing times will be strictly enforced. Entrants will be aware of the times when choosing a starting time.

B8 Entrants must understand that if they arrive at a checkpoint after that checkpoint has closed then they will be retired. Under exceptional circumstances this may be waived at the discretion of the organisers.

B9 Entrants must understand that checkpoint marshals will retire any entrant remaining at a checkpoint for more than 2 hours.

B10 Entrants must complete the event exclusively on foot unless directed by a marshal to do otherwise.

B11 Entrants must comply with the Countryside Code at all times and do nothing to bring the LDWA into disrepute.

B12 Entrants must be quiet at night, particularly near residential properties where noise could disturb.

B13 Entrants understand that the organisers reserve the right to vary the route for any reason such as adverse conditions or road closures, in which case entrants will be informed of the variations by marshals.

B14 Entrants understand that marshals shall be entitled to group entrants for reasons of safety, for example during adverse conditions.

B15 Entrants will be held accountable for the behaviour of their supporters in connection with the event, particularly at checkpoints and at Event HQ. Entrants should therefore ensure that their supporters do not visit checkpoints that the organisers have identified are to be kept supporter free. Given the potential seriousness of any incident, those individuals behaving irresponsibly or even without due care and attention of their surroundings will be brought to the attention of the checkpoint manager who if involved will expect immediate cooperation and compliance with any reasonable request. If in the very unlikely case of anything not being resolved at once the incident will be reported to the 'LDWA 100 Review Group' with the possibility of subsequent sanctions for any LDWA member involved.

B16 No dogs are permitted on the event.

12 Disqualification

12.1 Entrants in breach of any of the rules of the event will be disqualified. They will be asked to surrender their tallies, and they will be transported back to the finish by official transport.

12.2 In all matters connected with the event the decision of the organisers is final. At checkpoints the decision of the marshals is final.

13 Reconnoitring the Event:

13.1 Accepted entrants who wish to reconnoitre the event should please note that the route may be subject to alteration which may include sections of private land or land that has restrictions on access.

13.2 Any person who is identified as trespassing on land where access has been negotiated for the duration of the event only may be subject to disqualification.

13.3 Any person who is identified as marking the route will be disqualified.

14 Privacy, Data Protection and Personal Information:

14.1 Entrants understand and agree that their personal information submitted as part of their entry will be held by the event organisers for a period of up to seven years after the event and is held for the purposes of managing this event only. Entrants further understand that photographs are likely to be taken during the event, which may be featured in Strider magazine, group newsletters, on LDWA websites and on LDWA social media. Additionally, entrants understand that Summary Information* may be published immediately and may be held in perpetuity for the purposes of providing a record of the event. Entrants have the right to contact the organisers and request that all of their personal Summary Information* is anonymised. Any medical information will be held for duration of event only, including notification to the company providing medical cover, and will be erased after the event.

* Summary information is limited to the entrant's name, age, gender, postal town, LDWA membership number, event name and date, distance covered, time recorded as well as any other linked walking achievement.

14.2 Entrants can choose to remain anonymous during any of the event live progress reporting. However, for operational and safety reasons the organisers will need to store entrants' personal information on a computer. This is a pre-condition of entry and by entering the participant agrees to this temporary storage. This information will be held by the teams helping to plan and marshals' managing the event, on a strictly need-to-know basis and will be erased after any report and results have been published.

14.3 Entrants should be aware that the LDWA maintains a Hundred Register (formerly the Hundred Database) held on the Association's secure server. The Hundred Register contains membership number, full name, gender, local group, year of birth (where declared on entry forms), number of Official LDWA Hundreds started and finished, and years and times. It does NOT include addresses (postal or e-mail), telephone numbers, any declared medical conditions or any emergency contact names, addresses or telephone numbers. Entrants who do not want their details to be stored on the Hundred Register should be aware that this will result in their name and records being completely deleted. The onus will then be on these individuals to prove they are eligible, if applicable, for the 10/20/30/40 awards.
