Organisers Statement and Reflection

'There's no such thing as 'an easy hundred!'

A message from Katie Hunt, Chair of the Flower of Suffolk 100

As I reflect on the Flower of Suffolk Hundred, I can only feel so proud. This pride is for the nearly 500 people who set off on Saturday 24th May 2025. Many were first time hundred walkers, some had completed many times in the past and we awarded many 10, 20 and even 30-mile completion certificates. If you completed the 100 miles, then I say a huge congratulations. But I would say to those who did not complete this year, then you are still amazing because you gave everything you could, and it just was not your day.

I also feel proud of all the volunteers who helped in many different ways on the event. We had so many Local Groups who came to support one of our 16 checkpoints and the reports we have had have all said how fantastic you all were – supporting, feeding, encouraging and motivating – it is such an amazing thing you all do year after year, and we are so grateful for your help. Our Media Team was out filming and photographing on the route and at HQ and I am sure they will produce some great memories for us all to share. We also had so many volunteers working at the Headquarters – whether it was on catering, registration, baggage, trackers, sweeping – whatever it was you were asked to do, you did with humour and dedication, and I want to thank each and every one of you.

We had a fantastic HQ venue – Ipswich School Sports Centre. They have – from day one – been so enthusiastic about the event and wanting to help in whatever way they could. We could not have had better hosts and the staff who were on site throughout were outstanding.

We were fortunate to work with several outside agencies on the event and I want to thank them too. Richard from TrackTrail was amazing again and kept the tracker system going despite some glitches along the way so we could monitor you all and make sure you were all going in the right direction.

We had amazing support from Raynet who were at HQ and at every checkpoint and they even provided a sweeper – so a huge thank you to them.

Gryphon First Aid worked tirelessly to keep everyone safe – monitoring any people with injuries or if they had concerns about an entrant. I know they treated many feet – especially at the Breakfast Point. We thank them enormously for their work.

We had the Norfolk & Suffolk 4x4 Response team as part of our transport cover. They were fantastic and picked people up, found lost walkers and injured walkers so their help was invaluable. Their comment on the event was:

“It was a privilege to be involved, and a real eye opener as to the commitment and dedication not only of your team but the participants themselves. I have learnt a lot about walking long distances too and was surprised how much planning needs to go into an event like this – and the lean”.

For the first time this year we used a commercial minibus hire company (Manorside Travel) who provided their own drivers to collect retirees. They were just absolutely astounded as to the effort of the walkers and the amount of planning and organisation involved. One of their drivers said:

“I’d normally be offering my seat on the bus to some people like these, but they’re walking 100 miles!”

I do want to thank the people who made the start very special this year – firstly the LDWA President, Phoebe Smith who came to the event specifically to wish everyone good luck. I believe she visited a number of the checkpoints too. Secondly, I want to thank Samboomba Band who played their lively and energetic music at the start and accompanied you all down the drive. I am sure it set your feet tapping and set you off with a spring in your step.

My main thanks goes to the wonderful people who made up the organising committee of the Flower of Suffolk. I was absolutely blessed by having a committee who worked so hard, got on well together, and supported each other through the good times and the not so good. I want to name each one of them because they all deserve the recognition.

Chelle Armour – who designed the route. She originally designed a route from Lowestoft where our original HQ was going to be but when we lost that venue, she had to start from scratch and find an alternative route which turned out to be better and more interesting. Chelle has worked tirelessly refining the route, negotiating with landowners, applying for permissions etc and she has probably spoken to nearly every householder on the route delivering leaflets and explaining what was happening. On top of that she found time to put out some reflective markers to help navigate the trickier parts at night.

Jane Audsley – was in charge of all the kit – and believe me – there are huge piles of kit required for the 100! Jane sourced kit - borrowed kit – and hopefully returned kit. This was a massive job which Jane did with humour and efficiency.

Sue Clements who worked with the First Aid providers – sourcing quotes, explaining what was needed and she found a fantastic local company who use any funds raised to buy defibrillators for the local community – so a really great organisation to work with.

Jayne Cooke (and Phil) – who was our Catering Manager. Jayne took on all the catering including all the checkpoints and the headquarters – designing menus – buying the food – negotiating with suppliers – sorting – distributing and cooking too!

Andy Dack – was the leading force (with Sarah Heal) who ran our Headquarters at registration and was the lead on the Welcoming Party when you all finished at the end of the event. Andy and Sarah together created the wonderful floral display at registration – and the frame where you could have your photo taken – it was actually Andy's daughter Aimee who took the photographs. Their welcome at the finish was second to none – everyone got a special welcome and I hope you all felt really special when you arrived back. Again, the floral archway was all down to Andy and Sarah.

Sara Dyer – started as the NEC 100s Co-Ordinator working with us but when that situation changed, we immediately asked Sara to join the committee as Vice Chair, and she has been absolutely amazing giving us wise words when we needed them!

Sarah Heal – as mentioned worked with Andy Dack to provide a special registration and welcome experience for you all. On top of all that, Sarah became an unofficial secretary of the committee taking our meeting notes etc.

Simon Hodgin – conducted our Risk Assessment for the event – a huge document which helped us identify potential risks and enabled us to mitigate them as best as we could.

Malcolm Hunt – my lovely long-suffering husband who was Transport Manager. He ensured the checkpoint food and kit was delivered and any retirees were collected. He also had to put up with me having meltdowns for the last four years!

Jon Inett – our Treasurer who has kept us all on the straight and narrow when it came to expenditure and keeping within our budget.

Hilary Magnall – who not only undertook to take all the Entries, but she also booked all the checkpoint venues and liaised with the Local groups running the checkpoints. A huge task.

Richard May – our IT expert who looked after our website and then at the event was on the Finish Desk ensuring you were all registered back in and issuing certificates.

Off the Committee – **Michael Fletcher** recruited and looked after our team of Sweepers who all did a fantastic job out on the route.

A huge team effort and without them all, this event would not have happened.

Thank you for entering our event – the first ever hundred in East Anglia and it was great to meet you all.

Katie Hunt, Chair of Flower of Suffolk 100

Views from the walkers of their experience of the day

We have received many notes and comments of thanks and praise from both completers and retirees – too many to list here, but a few examples:

“A special thank you to Neil and his foot baths at Butley! I think foot baths should be compulsory at all second half checkpoints!” Ian Fairweather FB

“Our highlights included sunrise at Orford marina and fabulous rainbows over the fields of Suffolk after the morning rain showers. But, as always, it was the volunteers who made the event - so many of who are friends” Jared and Lisa Walbridge

“Thoughts turn to what a fantastic 100 it was, one of the slickest and quickest registrations I have experienced, an uplifting start, a lovely route through the beautiful and varied Suffolk countryside, a warm welcome and encouragement from lovely marshals at checkpoints, and in my case patient and caring sweepers” Alan Stewart FB

“I am always humbled by the good nature and helpfulness of the volunteers – THANK YOU as YOU are the best example of human nature!” Roger Frost FB

“Checkpoints were ace – from a vegan eater... plenty of choice and even Viennese Whirls!... I am glad I brought my sandals with me, after hearing about the sandy sections. With blisters on blisters, they were a lifesaver and got me to the finish” Dianne Mathews Graham FB

“A heartfelt ‘thank you’ to everyone for an excellently organised event, a scenic and varied route, and 5-star hospitality at each and every checkpoint! Fred Hamond FB

“As a newbie to the event I was blown away by the fantastic atmosphere throughout the two days and I can see why people return again and again. Thank you to all the volunteers who gave up their bank holiday weekend to support the event – you were marvellous” Kirsteen Newell FB

“It was a triumph and I know so much work went into it by so many people. It was my first Hundred and I'm delighted I completed it. What an experience! The warmth and kindness of all the checkpoint staff was second to none. When I could barely move once I'd sat down, to have a kind person fill my water bottle or bring me toast was just perfect” Rachel Pairman

“The route was exceptional taking in so many highlights (and introducing me to places I'd never been to before even though I grew up in East Suffolk), the route description was so detailed and well prepared (and the odd occasional extra detour towards the end was down to my tiredness)... the volunteers at the start and finish and all the check points in between were so cheerful and helpful, even when handling competing demands for tea, juice, toast, crumpets and custard (not all together, although there were some unusual combinations)” Richard Stansfield

“The event was fantastic in every way. I was particularly pleased that my 7-year-old daughter witnessed the event. I hope she remembers the kindness, warmth, camaraderie and laughter between participants and volunteers, and the shared collective endeavour to surmount a seemingly impossible challenge. “ Paul Rushworth

“Anybody else already thinking about the next LDWA100?”

No, I’m not an addict. No, not at all. I can give up anytime 😊 “Guy Evans FB

What happened to create “The route”? by Chelle Armour

“Designed with love”

Looking back at my outdoor active app I can see the FOS evolving from a plan first made in October 2022. Previous to that we'd looked at starting from Lowestoft, so I had a first draft route description from there almost written!

Then we decided to change HQs & I'll admit I was much happier with the area I had to play with now as I've lived there 99 % of my life.

I could now use my knowledge of the area to design a route using my own favourite paths! What a bonus!

Wherever I go walking myself I love quirky & unusual so as well as obvious tourist areas

like Sutton Hoo, Framlingham Castle, Rendlesham forest, Snape, Aldeburgh and Orford. I tried to incorporate something of interest in each leg of the walk. A medieval church, thatched artwork, beautiful estuaries, houseboats, ancient architrave, old fashioned pubs, shingle beaches & sandy tracks.

Luckily for us, Suffolk has it all!

I was so happy that despite the pain & obvious discomfort felt by so many the Flower of Suffolk committee managed to give so many people an enjoyable route....and seemingly great experience.

I'd like to thank the committee and various LDWA members for walking sections, helping with route writing, checking the route & GPX – thanks specially to Rhys Pippard - clearing paths, picking litter, delivering leaflets, chatting to locals etc.

Someone said to me at the finish of the weekend that they'd really enjoyed the route & to them it was obviously designed with love. Whilst I hadn't thought of it like that before I think they were probably right!

Special thanks to the following who supported route and gpx checking: Andy Dack, Hilary Magnall, Jane Audsley, Mira Nair, Paul Cutmore, Paul Henderson, Peter Edwards, Ray Orman, Rhys Pippard, Roger Osborne, Simon Hodgkin, Sue Clements, Susan Mobbs, Yvonne Osborne

Catering report by Jayne Cook

“Cheese, cheese and more cheese!”

Catering the LDWA 100 was an area that no one really wanted to volunteer for. Surely, it has to be one of the most complex areas and carried the largest budget allocation with most of the effort condensed into the six months leading up to and over both the Marshals and Main Events.

Catering the LDWA Flower of Suffolk 100 was led by Jayne Cook, herself a twenty-times Norfolk & Suffolk LDWA 100 veteran. Jayne’s menu planning for the Flower of Suffolk 100 started back in 2022 when HQ/Checkpoint venues were being explored and the suitability of their kitchen facilities considered.

Throughout the whole planning process which remained – quite literally – a ‘moving feast’ right up to the end whilst special requests (cheese, cheese and more cheese!) and product shortages (custard!) had to be overcome – Jayne aimed to remain true to the core values of variety, quality, budget and availability.

Jayne’s approach used her experience as an industrial chef to prepare menus which were suitable for the facilities and inclusive to the needs of the various dietary requirements. Tasty, energy-rich and plentiful – whilst still doing her very best to avoid the possibility of unnecessary waste.

The planning was centred around the use of a spreadsheet whose format originated from the Trans-Pennine 100. Adapted for the Flower of Suffolk 100 by Jayne's long-suffering partner Phil who, in Jayne's words 'helped to make the whole thing possible', this document tracked menu ingredients, portion sizes, unit costs, anticipated headcount and checkpoint venue.

Whilst costing such a huge inventory required close monitoring to protect against rising commodity costs, the catering finally came in slightly under-budget and with only limited wastage. Surplus food was 'upcycled' – as early checkpoints closed excess food was pushed on to the later checkpoints. Thereafter, any remaining food was donated to FIND, the local Ipswich foodbank.

On the day of the main event, Jayne was supported by a small army of catering volunteers without whom none of this would've been possible. From the chefs (Paul Ashman, Jeremy Bolam and Frankie Goss – who worked tirelessly in a cramped HQ kitchen) to the wash-ups, logistics and distribution teams. This small group worked as one through multiple shifts, with little sleep, hard work and dedication to the cause and their 500+ guests... the participants of the Flower of Suffolk 100, 2025. For this support and commitment Jayne is hugely grateful and cannot thank them enough for gifting their time.

Also, not forgetting the Marshal's Flower of Suffolk 100 event which occurred over the previous May Day Bank Holiday weekend... Jayne planned and delivered a down-sized 'prototype' of the main event menu using an equivalent spreadsheet planning model. With the intention of trialling the content and using this to adjust the main event menu, any left-over non-perishables were collated, stored and used to offset the groceries list of the main event. This helped deliver a refined main event menu. In the background, Jayne did an enormous amount of direct shopping herself using a range of suppliers. Special recognition goes to our trusted independent greengrocer: Easter's of Norwich who wasn't fazed by the request to deliver most of the perishables including 366 litres of semi-skimmed milk! The incredible Bushell's Bakery of Lowestoft who rose to the challenge of supplying all the traybakes and 1,300 bread rolls at VERY short notice! And to the Norwich area branches of Tesco who never so much as flinched at our repeated procurement of eyewatering quantities of provisions such as 300+ litres of Coca-Cola and Ginger Beer!

Behind the scenes, Jayne hired a storage container to collate the enormous quantities of kit and non-perishables for the duration of the Marshal's and Main events. On the day, food distribution was operated out of a separate nearby facility – Dumbarton Scout Hall, Ipswich – which worked well to decouple the 24h nature of the catering logistics from the equally busy event HQ.

In summary, catering such an event was no small task and one that can catch out the most experienced of people. Start planning early (it has a huge appetite for time), think big (really big) and above all, please don't let it consume you. The sheer quantities, space, weight, refrigeration and cost never failed to surprise us.

Main event Catering team: Aaron Hookway, Aimee Dack, Anna Flack, Frankie Goss, Hayley Calver, Heather Boon, Heidi Miller, Hilary Hill, Jayne Cook, Jeremy Bolam, Jessica Clark, Lavinia Yates, Marion White, Mike Farrow, Mike Wray, Paul Ashman, Phil Hampton, Ron Richardson, Sally Lightfoot, Sian Thompson, Sue Mobbs, Susanna Smart, Trevor Hill, Viv Mason

Marshals event HQ Catering: Jayne Cook, Jeremy Bolam, Julian Pursey

Media Team

"I loved being out on my favourite parts of the 100 route, snapping photos of entrants in the beautiful Suffolk scenery. I really felt part of the event!" Paul Cutmore

We thank the LDWA Media Team for their dedication in mapping, planning and popping up regularly throughout the route to bring the experience of the 100 to life for everyone who couldn't be there in person, as well as for the entrants. As co-ordinator (researcher, co-presenter, and videographer) David Morgan ensured a high level of

planning and it paid off. That said, blowy weather caused challenges, especially for Andy Todd with his drone.

Behind the scenes, there is masses of post-production work, meticulously editing footage and sorting images to create a lasting record for us all. We were happy to support an idea to encourage entrants to upload their own photographs for the

event and we can all enjoy the many images on the [LDWA Flickr Album](#). Paul Cutmore needs a shout out for sorting all the uploaded shots into sets for easier future navigation.

"Covering the Flower of Suffolk 100 with the media unit got more euphoric and emotional as the weekend progressed. Must be the sleep deprivation. Some of us got to enjoy it twice: walking the Marshals' event and then revisiting the best bits with our cameras. Meeting so many hundredeers during the weekend is a privilege, and a buzz." Simon Pipe

What happened at the Check points? By Hilary Magnall

“It’s a 48-hour picnic”

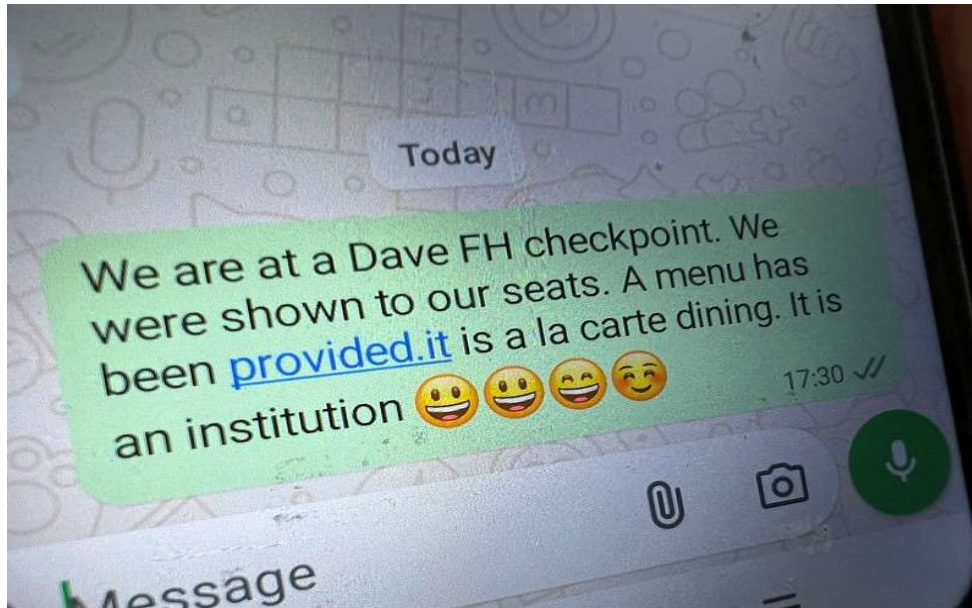

The Flower of Suffolk had 16 checkpoints, each with its own character. They varied from smart and modern halls, quirky smaller halls, gazebos at Sutton Hoo to farm barns. On booking each checkpoint I was met with a level of skepticism *“100 miles in 48 hours without stopping?”* but also overwhelming support and enthusiasm.

The support and experience of each of the groups who managed the checkpoints made this part of the job easier than might have been expected. Huge thanks to all of you for making the event possible. A special mention must go to the barn grotto created by the Heart of England group, a very welcome sight for many on that first night. Special thanks also to Viv and East Lancs who have provided breakfast for many years on the 100. This was their final time at the breakfast stop and I wonder how many breakfasts they have provided over the years. To me the support from the groups at each checkpoint really sums up the spirit of the LDWA, thank you all.

The Checkpoint Teams

Thank you to the many volunteers who dealt with the hectic, slow and inspiring moments on the day, offering their time and extra support across the 48 hours.

People who made it possible

Acknowledgements and thanks

We are grateful for advice on, help or tolerance of access to use their property from landowners and individuals in these organisations. A special shout out to the patient owner of the property as groups of walkers interpreted the RD incorrectly, with the result of a few marching through the bottom of their garden! Thanks go to stockman for moving the cows, calves & bulls in 2 fields. English Heritage and Framlingham College – Framlingham castle and Mere, National Trust – Sutton Hoo, Forestry Commission – Rendlesham forest, Suffolk Wildlife Trust, Snape Maltings, Suffolk County Council, notably Ben Heather and Claire Dickson – for organising amazing path maintenance, new bridges/steps and some spectacular path clearance the day before the main event!

Mr Wilkinson, George Baker, Paul Hart and Lord Cranworth for permissive paths around Crowfield/Martlesham.

Those involved on the day

“An event by its members, for its members”

“To all the marshals who kept saying “We haven’t done anything” – Oh but you did, you gave up your time (and sleep) and travelled across the country to feed us, encourage us and put up with me babbling at you all. Your “nothing” is what got us through “ Caroline Tennant FB

Offers of unofficial help across the weekend came from all corners of the LDWA, with impromptu support where we had gaps or people just spotted that we need an extra pair of hands.

We even had finishers returning to help us with clean up on Monday.

You are the heroes who made it happen, one cup of coffee/tea/squash/fizzy at a time!

Thank you to you all!

Outside Agencies helping on the day

Gryphon First Aid Unit, Raynet, Tracktrail, Norfolk and Suffolk 4x4 Response

One highlight was the pop-up check point of a local resident.

Local support for the event was great!

First Aid Report by Sue Clements

First aid cover was provided by a local company, the Gryphon First Aid Unit based in Stowmarket. This was an especially long first aid duty, but the team were proactive and responsive throughout, providing care and support to many. They were impressed by the range of walkers who took part and the distances they achieved. After the event David Mann remarked

“It was absolute pleasure to support your event and helping the people that needed it so that they could finish and complete the goal of the 100-mile walk”.

We extend our thanks and appreciation to all the team. They even helped to jump start a car on the Monday!

The Finish by Andy Dack and Sarah Heal

"It's more than walking 100 miles".

The finish at the 100 is about more than the number of miles walked. Of course, it is about personal achievement. Of course, it is about organising the best event possible. To welcome the eager and excited, some nervous, starters at registration and to witness their homecoming at first hand was as good as walking the event ourselves! Above all it is about coming together for that weekend in May. To see friends, share stories and of course to walk. The Hundred is much more than a challenge. It is a celebration of all that is wonderful about the LDWA.

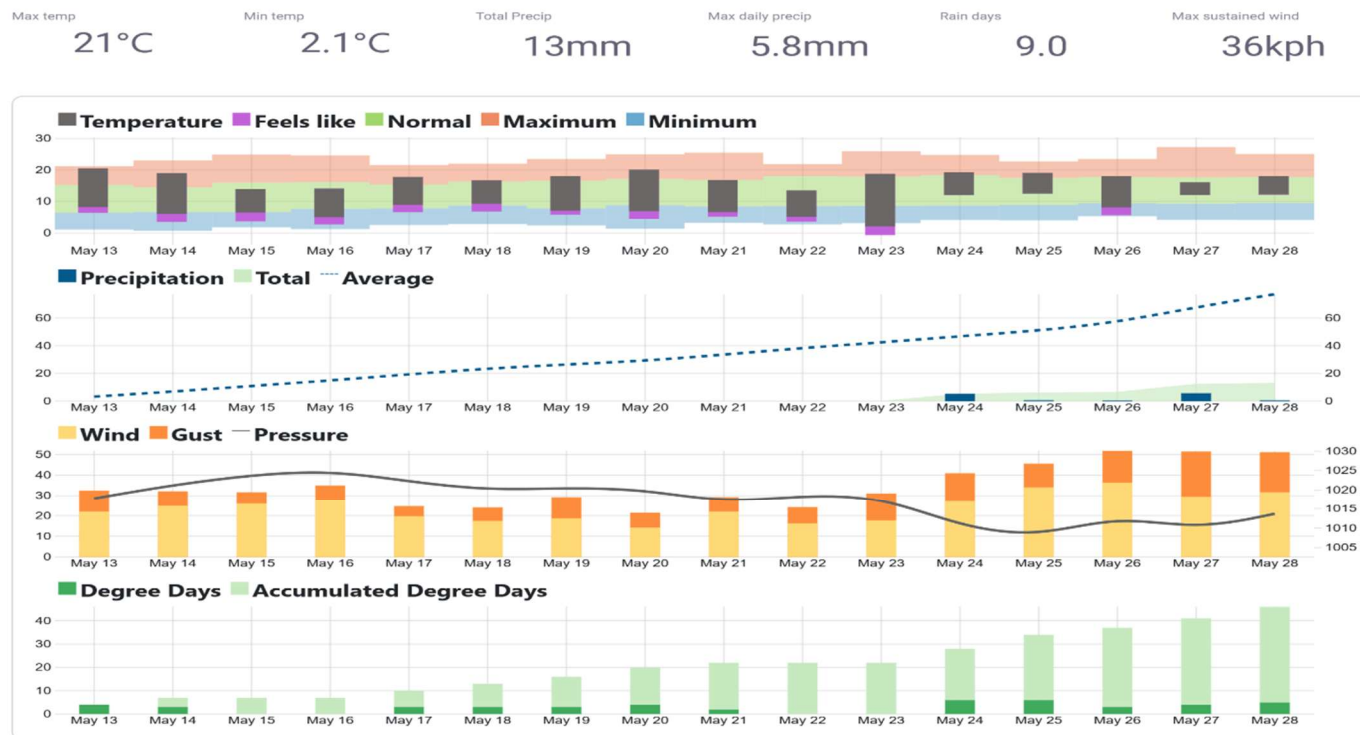

We thank all the people – Sue serenading on Cazoo, the first aid team, catering teams and all the other volunteers who tirelessly applauded each shout of “finisher” and extended a warm welcome to our retirees. The illuminated finish stairway might have framed the moment, but it is the LDWA that make it unforgettable. Memories to take forward for a long time.

Some eek/grumble/anxious moments and lessons

“Something will go wrong, be prepared for that”.

The Weather up to and on the event

Yes, the ground was hard!! With entrants obsessing and discussing over the accuracy of various weather apps up to the event, it became clear that for the first time in many weeks, the mandatory waterproofs might be needed for some of the event, and we were relieved to step down from discussion of “additional water stops” being needed.

The Meltdown Moment

At one point in the 100, when all the technology crashed, leaving only the paper back up as record as our only link to walker activity, the committee took solace in the heritage of an event that once had no such mod cons to support it (a nod to the person of the Cleveland 1976 who “spent long hours receiving control messages in a telephone box”) in the knowledge that the amazing checkpoint volunteers would still be looking out for our walkers while we ‘fixed things’... see lessons...

The Breakfast Stop Moment

When the organising committee were told less than 48 hours before the event that we couldn't use the kitchen or showers at the Breakfast stop it was eye-opening, stomach clenching moment! After a negotiation that the United Nations would be impressed with, luckily, we don't think the walkers noticed too much that we struggled to get the gas to work, there was no hot water, and we had swooped in extra marshal help to support. We are sorry that your skin's natural microbiome had to be left to its own devices for longer than we had stated. Thank you to CP leads and volunteers who came to help and coped with this all!

The Equipment Moment

As others have said before, it is more accurate to describe found property than lost property. However, there is some truly lost property that sits across the Suffolk countryside or has made its accidental way, travelling with other LDWA local groups, to a new base. To avoid future #toastergates, 100's could maybe learn from an ask to clearly label items with LDWA Group or personal names.

Lessons

Obvious but 'Test stuff' ... e.g. Wi-Fi, equipment lists, you need more extension cables and laptops than you think, phone card top-ups, links, walkthroughs, gpx, string in cable ties works, keep smiling!

Social monitoring....

As a slightly sad sign of the times, we also had a scam merchandise post (with an impressive range from clothing to keyrings!) appear on our social Facebook page straight after the event. The vigilance of the administration team took it down protecting our users but something to be alert to.

Special Milestone Completers 30/20/10

In every 100 there are stories, some big, some small. We recognise the following LDWA regulars who walked their way into the archives on the event with a milestone placement in our quiet wall of fame!

Huge congratulations!

Striding Stats, with many thanks to Keith Warman

"It's harder than I thought it was going to be"

497 people set off on the main event with 147 first time entrants for a LDWA 100. 77% of the Main Event starters were successful and this was slightly above the historical average range of 65% - 75%. The Marshals' Walk had 54 finishers (the third-highest number on record) and the average age of starters was the highest ever on Marshals' Walks at 62.15 years.

Len Fallick increased his own previous record for the most individual Hundred completions, shown walking here on his 43rd hundred, chatting with Max Cole, whose late father, Roger Cole, completed the first 41 hundreds.

Jim Catchpole and Roger Osgood, each 83 years old, both finished and thereby broke their own joint record for being the oldest Hundred completers ever. This year, 72-year-old Mike Warrick became the second known aged 70 or over finishing a Hundred in less than 30 hours, finishing in 27 hours 37 minutes, nearly 2½ hours quicker than Ken Fancett's 2023 time. At the other

end of the scale, 2 of our youngest finishers were 22. No pressure for future records!

At her first attempt at a Hundred, 74-year-old Maggie Stevenson equalled the record (held since 2006 by Betty Lewis) of being the oldest female to complete their first Hundred.

Katie Perrett finished and thereby became the first known third-generation Hundred finisher. Katie's father Frank Perrett accompanied her this year, and Frank's father Lloyd Perrett was a successful hundredeer during the 1980s. Frank's brother Ken has also completed a Hundred. Frank Perrett finished two previous hundreds, and the most recent was the 1981 Cumbrian. In finishing this year, Frank has broken the record for the longest time (44 years) between successful Hundred completions.

Marshals Report

3rd – 5th May 2025

At the beginning of May the Marshals Event took place with 56 entrants. The weather was very kind to us and the walkers enjoyed some lovely sunsets and sunrises. Some of the entrants were lucky enough to be at Aldeburgh at sunrise when the sun filtered through the scallop shell sculpture. However, we were amazed to see the sculpture surrounded by silk flags as “The Festival of Dreams” was taking place. Quite a spectacular sight.

We had very few retirements, but we certainly had a number of cases of ‘the lean’ which continues to affect so many people.

The new bridge over the tree at Ferry Bridge near Sutton Hoo had not been completed, so it meant a bit of a step over the large tree trunk which was not much fun with very tired legs. Thankfully the new bridge had been completed for the Main Event.

Thanks go to all the people who walked the Marshals Event and then gave so much time and energy supporting the walkers at the Main Event. Thank you too for the people who marshalled on the Marshals Event – some of whom were walking the Main Event. I know a number of them were pleased to see the event “from the other side”.

If you have never marshalled on a 100 event, please consider it because it puts the whole event into a different perspective.

Where waves whisper secrets to the shore

Dawn's light dances evermore....”

And now to the Hunnypot 100 with our flagship event returning to Kent in 2026...
