

High Weald Challenge**5th July 2025****Route Description**

Welcome to the High Weald Challenge Walk. Please ensure that your number is recorded at each checkpoint, we track all entrants and will try to find you if we miss you at a checkpoint. Entrants who arrive at checkpoints after closing time will be retired. However, if necessary, each checkpoint will remain manned after closing time in an attempt to account for everyone. It is therefore important that anyone wishing to retire does so at a checkpoint. If this is not possible, then the organisers must be notified, giving your name and walk number, without delay.

Respect the Countryside Code – Leave gates as you found them (if you open a gate, ensure it is closed) and Leave No Trace (Checkpoints have litter bags)

Compass bearings in degrees are figures in brackets, e.g. (CB150) Distances are approximate.
