

# 24<sup>th</sup> Daffodil Dawdle, 24<sup>th</sup> March 2013, Results

Saturday was a busy day answering the phone, 'No: we hadn't cancelled', 'Yes: the event was going ahead'. Why allow the small matter of an inch (or so) of snow spoil everyone's enjoyment of the Cambridgeshire/Suffolk countryside? The snow had mostly fallen early on Saturday, and no more was likely for that area. The minor roads from Newmarket to Kirtling had even been gritted (unlike the A421 and A428 trunk road from Milton Keynes). As 8 o'clock approached the hall was anything but its normal bustling self, instead of the usual masses only 14 people headed off on the long route and there was a single person hoping to walk the short route with someone else – who was going to eat all the food! Anyway, it appears that runners are made of harder stuff than walkers! In the end there 89 starters from a pre-entry of 160 and only 8 retirements. The weather wasn't that cold – mainly due to the lack of wind, and the underfoot conditions were ok until it started to warm up during the afternoon!
