## Bolliphope to finish – 5.5 miles

|    |   |
|----|---|
| 8  | <p>Follow the path alongside the river, passing between old mine workings on L and quarry on R and then passing lime-kilns on R.<br/>           Cross stile beside metal gate in fence.<br/>           Turn left on narrow waymarked path to cross footbridge.</p>  |
| 9  | <p>Path continues through gorse bushes and then trees (river now on R).<br/>           Past rock buttress and across second footbridge (river now on L) to emerge through gate to road.<br/>           Turn R to White Kirkley. Cross the bridge and go through signposted gate on L.</p>   |
| 10 | <p>Keep R alongside fence past new house to go through left hand gate into field.<br/>           Bear slight L to follow the Weardale Way markers over several more stiles and gates, ignoring any other footpath signs, eventually climbing a short hill to a kissing gate. Onwards with fence on L.</p>   |
| 11 | <p>After end of fence, bear right uphill to a stile in corner of field, emerging on to a farm track.<br/>           Turn L onto farm track – if the gates across this road are closed, use the kissing gates on the left.<br/>           On reaching a tarmac road, turn L, downhill to Harehope Quarry.</p>  |
| 12 | <p>Where the tarmac road turns L over bridge, continue ahead on farm road.<br/>           After 100 yards, take the footpath to your L at the farm buildings.<br/>           Pass through two gates, fork left downhill and arrive at kissing gate and railway track.</p>   |

(Please respect the quiet enjoyment of the caravanners.)</p> |
| 14 | <p>Continue along the tarmac road, passing a road on the right.<br/>           Where road turns left over bridge go straight ahead alongside railway on new footpath.<br/>           Ignore waymark pointing L, keep on the new permissive path.</p>  |
| 15 | <p>On emerging from this path cross over footbridge, continue ahead through several fields with railway on your R, crossing a footbridge into a final field.<br/>           Keep R onto more defined path that gradually rises alongside railway to gate.</p>   |
| 16 | <p>Climb steps to road and turn L to the road bridge.<br/>           Immediately after crossing the river, turn right and go back under the bridge to follow the path you came out on through Wolsingham Recreation Ground. Cross Front Street with care and return to HQ.</p>  |
