17 entrants had slept in the hall on Saturday night, & I will try and continue somewhere with this facility in future.

The event itself seemed to go fairly smoothly for most, with Hindhead Youth Hostel providing the most memorable incidents. Firstly a young CB Radio enthusiast blocked our own Radio-teams channel for quite some time. And it kept us amused at the Hostel listening to the Main Radio at Witley calmly exhorting this young lad (trying to raise his friend 'Paintpot') to move up or down a channel.

This problem helped to divert Dave Street's attention from his own dilemma, which was how to move his borrowed 'A' reg. van out of the mud & back up the hill. When John Westcott's team from Refreshment Point 1 arrived, we had a go but even with 5 pushing it wasn't enough. Then Richard Brown arrived with Hilary Walker and their experience over the preceding 24 1/2 miles, dealing with mud, soon had the van away.

There was an extra checkpoint provided by the Radio-car that had stayed on at CP1. This caught-out many entrants AND the organiser who thus fed in the wrong data. The computer threw a 'wobbly' at this, resulting in a delay to the Result production. But 2 weeks isn't too bad, and I've learnt a lot about my machine in the process!

With the help of the Radio-team all were accounted for by 6.15pm (7.30 pm usually). There wasn't any gear left behind, but unfortunately someone took home an extra pair of Nike's size 6 or 7. Please check your gear & ring me if you find them, there is a BIG reward for them!

I hope you all enjoyed this Event; and to those who have already written to say that they did - Thankyou - it's nice to find that your efforts are appreciated.  
Jeff
