LONG DISTANCE WALKERS ASSOCIA

SURREY GROUP

PUNCHBOWL MARATHON

REPORT & RESULTS of the 30m & 23m PUNCHBOWL MARATHONS on 1.2.87

Organiser & Route Devisor: Jeff Ellingham Printing: Chris Steer RP1: John Westcott, Mrs Joyce Henley, Ian Ditchfield, Barbara Ellingham + Lizzie Brown

RP2: Andrew & Lynne Chitty, their 2 sons & Andrew's Mum

RP3: Mervyn Harvey & RP1 Team. Checkpoints: Mid-Downs REACT Radio Team

Finish Registration: Mrs Lesley Nightingale

In the Kitchen: Mrs Pauline Bluck. Peter Short. Chris Coates. The Chittys Certificate & Badge drawn by Christine Butterfield.

We were very lucky with the weather this year. A really glorious day. Although even for those who don't like Surrey Mud, the ground was a bit nard. The prospect of a good day encouraged 44 to enter on the and we had an excellent turn-out percentage, as 281 of the 301 entries made it to the start. Of these only 9 were forced to retire from this hilly (4000' of ascent) Event. The 30 miler was the most popular again, with 172 finishers, as against 100 on the 23 miler.

The Route features a 5 1/2 mile stretch to and from a 19 mile circuit. This circuit gives good conditions generally, and it is only the stretch to a from it that is a let down with too much road. At least the re-surfaced gully to and from Cosford Farm was much enjoyed those who had suffered there last year. I will make a second attempt to find another venue so that this out and back section can be omitted.

Next year should therefore see :- Less road + more Blackcurrant. These being the most mentioned comments about the '87 Event. A change of venue would also relieve me of the pressure to clear & clean the Hall for the regular 7pm games of Badminton. As usual I'll be interested to hear from anyone with ideas about any aspect.

In view of the help that Feltham Puffers have given to Surrey Group Events in the past, I allowed their non-LDWA members to enter. I will continue to accept them & anyone else suitably mature & experienced (Orienteers etc.) 32 entrants slept in the Hall on Saturday night, & I will try and continue with this facility in future.

The Event itself seemed to go fairly smoothly for most. why there were so few Checkpoints this year. The reason was that two Radio cars had map-reading problems. The CP2 car for the 23 milers then gave up and went home. The other car turned up late and went to the aforementioned car's point and maintained over the air that he was checking through 30 milers. It wasn't until he was due to close down that he realised his mistake.

Only two items of missing gear this year. 1. A yellow Hat left in Hall. 2. Did any one take home two extra blue thermal tops from the shower room? Please check your gear & ring me if you find them.

I hope you all enjoyed this Event; and to those who have already written to say that they did - Thankyou - it's nice to find that your Jeff Ellingham efforts are appreciated.
