REPORT 185 people took part this year, well up on 1988, perhaps because the Jan 2nd date gave people a chance to get over hangovers? Everyone seemed to enjoy themselves apart from a number of complaints about lack of mud. I'm sorry about that but the dry weather was against me - I hope to do better next year! As expected, some had trouble in Guildford centre. Racks Close was the area where wool was dried on racks. The bridge over the railway along Blackheath Lane was hard to find for those without 1:25000 maps too. Some found other difficulties with one couple crossing the bridge over the Wey at the start!

Congratulations to all who completed, especially to the Toft and Hunt families who each got 5 home, and also to G. Atkinson, who turned up at 12.10 and asked if he good do it having been inspired by seeing so many on the downs from his house! My thanks go to those who helped me on the event - Jill, who did a morning stint, Chris and Margaret Steer, who came in on their way home from a holiday, Brian Haigh who finished early to help on checking in, Janet Chapman who came in after her nightshift to help, John Westcott who checked out part of the route and also worked all day and especially to his mother, who at 3 days before her 80th birthday, spent 3 hours in the kitchen doing most of the washing up. A very happy birthday to you! Thanks also to St Catherines Village Hall Committee for use of such good facilities, and to Barratt's who yet again allowed us use of their carpark for overflow parking.

A welcome to members of Woking RA here for the 1st time, but, unhappily, a farewell from 'Mac' McCauley of the Green Belt Walkers who has decided to give up after doing all of the Kanter except the very 1st as he doesn't think he can rely on getting round on time. Keep walking, Mac.

Lost Property: a water carrier.
