

The Surrey Summits

Results 1994

COMMITTEE: Louise CARTWRIGHT: Chairman & Saturday Controller
 Tony CARTWRIGHT: Route Description & Equipment Hire
 Dave CHALLENGER: Entries
 Janet CHAPMAN : Publicity & Main Meal-Stop Catering
 Reg CHAPMAN : Certificates, Catering & Statistics
 Jeff ELLINGHAM : Co-ordinator & Marshalling
 Brian HAIGH : Strider
 Peter WATERHOUSE: Checkpoint Layout & Performance

The Committee are grateful to: John SHORT : COMPUTER RESULTS
 Tony YOUNGS: CERTIFICATE & LOGO DESIGN

The WALKERS & COMMITTEE expressed their thanks to all MARSHALS as they left Checkpoints; but many have asked that their appreciation be passed on to EVERY MARSHAL - all of whom combined to make a tremendous TEAM.

MARSHALS WALK 5.3.94. Also the final check of the route description. Adding to the challenge, especially towards the end ! Conditions mirrored the main Event. Martyn GREAVES & Peter GROUNDSELL recorded 21hrs 44 mins; Janet CHAPMAN, Jenny BEAN, Elaine EDWARDS, Les MAPLE, Roger MOSS, Ann SAYER & Diane SCAIFE finished together in 22 hrs 45 mins. Diane had to cajole Les to postpone the forty winks he felt he needed after the gully climbing Hascombe Hill. John LAY sensibly called it a day at 27 miles when not well. Reg CHAPMAN again excelled himself as sole support.

16.4.94

Report by Brian Haigh, George Foot & Jeff Ellingham

The Results & this Report are produced, not just for the benefit of the successful entrants, but also for those unable to start or finish, for whatever reason; as well as for the 49 Marshals.

A considerable amount of rain in the days & weeks before the Event had left the going not only very heavy, but distinctly wet in some places. By comparison the Grand National course must have been like a bowling green! Up to CP2 the conditions were more or less as expected - just awful. From there on it seemed to improve somewhat with only occasional awfulness, notably the bit past the cottage just after CP3, and some bad bits on the long track from High Ashes to Holmbury, but in general nothing to complain about too much until after Pitch Hill. From then on it went from bad to worse. The gully down to Jelley's Hollow, appalling, the track between fences after that (which has always been awful apart from the one year when it was resurfaced), quite horrible. Wading in water over ankles for some 200 metres after Cranleigh (though thankfully not up to your thighs) and finally worst of all the ascent of Hascombe Hill. Thank goodness it didn't rain!

But having had a run of good weather conditions for some years now it was only to be expected that for once the conditions should mirror that which the Marshals Walk has to put up with. Our date (always 2 weeks away from Easter, the before or after being decided on the resultant closeness to other Events) always varies by up to four weeks so we cannot rely on a particular end of April being better than the other. The amount of daylight also greatly varies.

However, notwithstanding the conditions underfoot, & a forecast of showers (fortunately was wrong) no less than 196 out of the 219 entrants left Chichester Hall for the 19th 100km tour of the Surrey hills. Many were keen to leave at the earliest possible time of 9.30am, and within 30 minutes all had departed and were heading for Hambledon and Hydon's Ball beyond. The first CP, at St Martha's Hill, was soon reached and all continued except one who was suffering from a feverishly high temperature. Perhaps it was the excitement! By now there was some watery sunshine but now and then there was an ominous build up of dark clouds, which fortunately came to nothing. More refreshments were available at Crocknorth Farm and a third of the route had been completed. The next CP was a new one, replacing the one set up in the quarry for the previous year. At this stage it was a case of getting stuck in to cover the miles to reach THE CP at Wotton, where once again the culinary skills of Janet Chapman ensured the entrants were well nourished for the remaining dark 22 miles. As the walkers came in they were asked for their preferences for Chicken or a Vegetarian (same but without chicken!) alternative, with or without pineapple on top, and were then served by what must have been the fastest Waitresses in the West.

From here to the Finish via the CPs at Holmbury & Smithbrook Kilns the conditions underfoot gradually worsened for a climax to be reached in the gully up Hascombe Hill. This final quagmire must have produced more silent, and perhaps not so silent, cursing of the organising committee for routing the walk through a full 200 yards of three foot deep glutinous yellow mud. One walker who was impeded by another stopping just in front of him had great difficulty in starting again, such was the depth of boot-sucking mud.

The Surrey Group's policy of notifying every household that would be passed during darkness paid off shortly after Holmbury Hill where one of our female entrants came to grief. The occupiers of the first house that was reached were thus not 'too' alarmed when our injured walker and her companions asked for help in the middle of the night. Tea and sympathy was provided, and a call to the Walk's Emergency Telephone soon had transport to the Finish arranged.

Our new Group Chairman Keith Chesterton (LDWA No. 81) had a similar experience and has asked us to pass on the following message. "Going slightly off route coming off Holmbury Hill and by myself, I fell about 5 feet down a bank onto a hard track, cutting a knee (and trousers), grazing myself and giving myself a large shock. I also gave out a loud shout as I landed! Two walkers below me on the path heard my shout and came back up to see if I was OK. They helped me up, gave me a drink, painkillers and offered me first aid. They then walked slowly with me until I recovered. I think it shows the good spirit of the LDWA when people help another entrant, and lose quite a lot of time doing so. I would like to thank them both - Bary Morgan & Lionel (??)."

We hoped you approved of the relocation of CP3 onto Headley Heath (even if it did increase the distance) this was certainly appreciated by the Marshals. Later on most walkers were able to see STEER'S FIELD in daylight this year and really appreciate the situation.

First back was Alan Rosen, but he had started at 09.50 so in terms of total time taken he was placed behind no less than five walkers who had started at the latest possible time of 10.00 and had finished together. Their time in such wet conditions was a very good performance indeed. Those who did the walk as training for the Dartmoor Hundred should find themselves well prepared. Of the 196 starters 165 finished.

We would like to acknowledge the co-operation we receive from THE HURTHWOOD CONTROL and THE NATIONAL TRUST. They own a lot of the area through which our route passes. Your generous donations raised 78.50 for both bodies.

LOST PROPERTY Ring Jeff (0428 683374) for the following: 1 Walking Stick; 1 wrapped Bank of England note!;
1 pair of black gloves left at Wotton; 1 Blue Hat; 1 Mapcase.
