**THE ANGLEZARKE AMBLE 24 and 16 MILE ROUTE DESCRIPTION  
TO BE READ IN CONJUNCTION WITH MAP OL 287 WEST PENNINE MOORS**

**START**

Leave Rivington village church hall G.R.SD626144 right on road, village green on left, to first broad track (bridleway) on left, follow to Rivington Barn car park, cross and take path on left of barn, barn on right, Rivington Hall cottage on left, bear left through gate on good path. At Y jct. left to kissing gate, ahead with fence on left to gate/stile. Through and ahead uphill to Y jct. left to jct. of paths, ahead uphill for approx. 130 yds. At Y jct. continue left uphill to cross paths. Turn left to finger post, then sharp right to post 18. Turn left up stone steps under stone archway, ahead up more stone steps to top, at T. Jct. left, and at open area turn sharp right, follow path to gate. Through and turn immediately left wall on left, toilet block on right to broad track, turn right then left through gate and follow path uphill to Pike. Follow path right (South) down to a stony track and bear right down to gate, through and to T. Jct. Turn left to Pike Cottage (now dog kennels). After Pike Cottage take kissing gate on left, proceed uphill on main track across moor. At marker post keep left and ahead at cross track to metalled road. Turn left and ahead for Winter Hill T.V. Mast and Station. CHECKPOINT G.R. SD660144      3.5 MILES

.....  
Continue along road and where road turns left bear right between stone posts to cross stile next to metal gate. Downhill on broad track to cross track at bottom of hill. Through kissing gate into wood, follow path to road A675. Cross road with care, turn right and take first tarmac track on left, public footpath, ahead towards house, cross stile on left before house, and downhill over two footbridges. Turn right, keeping fence and trees on right. Continue keeping trees and gulley on right. At end of field downhill, turning left to cross stile on right and ahead on path keeping Ornamental Reservoir on left. Cross footbridge and uphill to cross stile and continue uphill to top left corner of field and on to road. G.R. SD680159      1.8 MILES (TOTAL 5.3 MILES)

.....  
Cross road and through gate on right, uphill between broken wall and fence to small gate on left, through gate and left keeping broken wall on left to farm track, turn right and continue uphill to road. Turn left along road and cross stile on right before plantation. No track but go diagonally right across field, keeping to right of square enclosure (wooden). Continue ahead in same direction until wall/fence is reached, over stile next to gate, following w/markers keeping wall on left to a further stile. Continue in same direction over bridge and then stile to tall marker post No 235. CHECKPOINT G.R. SD687167      1.3 MILES (TOTAL 6.6 MILES)

**CUT OFF TIME (LONG ROUTE) 10.30AM. You may continue on short route.**

**16 MILE and 24 MILE ROUTES PART**

**16 MILE ROUTE**

Turn Left along broad track (Catherine Edge) and continue for approx. 2.25 miles. 15 yds before road is reached turn right through gate and follow concessionary path uphill, through next gate and down to road. Cross, through small gate and follow path to Hollinshead Hall. Pass through gate posts, turn immediately right through another set of taller gate posts, ahead uphill on stony path. At top turn left and keeping wall on right ahead to gate and through to Slipper Lowe CHECKPOINT. G.R. 664203 (**REFRESHMENTS**)      3.0 MILES (TOTAL 9.6 MILES)

**24 MILE ROUTE**

Continuing in same direction, cross broad track to next stile (200 yds). Cross moor on bearing 60 degrees to reach wire fence (at top of deep cleft) GR SD693171. Over galvanised gate ignore stile on left. Path descends to stream and footbridge, cross to climb far bank (wire fence on left) until another wire fence is reached. Go over stile to left of gate onto track, turn right and follow ahead crossing stile to north end of Charter Moss plantation and ahead to A666. Cross road and go over stile by finger post, nearly opposite, ahead to line of trees, and follow sunken track to stile. Over, continuing in same direction to overhead power lines passing one plantation on left. Ahead for approximately 0.5 miles to stile, cross, turn left for 5 yds, then bear right to the bottom right hand corner of field to road B6391. Turn right on road for 200 yds and go over stile by a gate on left, follow path with broken wall on left, to marker post then angle right to stile at bottom right hand corner of field, cross into car park.

CHECKPOINT G.R. SD721172 (**REFRESHMENTS**)

3.5 MILES (TOTAL 10.1 MILES)

Leave checkpoint through small gap. Go through, after 20yds, left down steps to road and left to Turton and Entwistle Reservoir Dam. Follow road to bunk barn on left pass and turn left up lane to Strawbury Duck PH, then go straight ahead up Edge Lane. At Y Jct. of paths keep left, SP Witton Weavers Way. At top of hill go over stile to left of gate. Ahead to next stile on right of gate, continue on lane to the A666. Turn left on pavement and continue until 15 yds past the track for Cadshaw Farm. Cross busy road (CARE!) to stile opposite G.R. SD704183. Ahead on track to gate. Continue on track which passes a ruin on your right. At G.R. SD696190 (lone tree) turn left downhill. Continue on this track for approx. 1.5 miles keeping water course on left to stile. Cross and continue on track to top of moor. Turn right at second Peak and Northern Footpath Society marker post No304 before broken wall G.R.SD675190. (KEEP TO THE MAIN PATH AS THERE ARE OLD MINE SHAFTS). Ahead for approx 0.75 miles to Peak and Northern Footpath Society marker post No306. Take stile in fence on left G.R.SD680199, over and ahead on main path. Ignore path from the left and continue on descending path. After 80 yds at metal grid, G.R.SD683202 take narrow path up left hand banking. Continue on this until wall/fence is reached; turn left, with wall/fence on right. Keep on main path, ignoring all narrow paths off to right and left, for approx 0.5miles, turning right at bench 27 Witton Weavers Way marker post, G.R.SD680209, to Darwen tower on good broad path.

G.R. SD678215

5.9 MILES (TOTAL 16.0 MILES)
